

Japanese AUS-8 Stainless Steel Blade

High-grade alloy designed for great edge retention and to withstand corrosion and abrasion.

Thumbhole
Rounded-triangular thumb hole provides ease and consistency in one-handed opening.

G-10 Material Handle
Light weight, high strength, and robust against moisture, electricity and other chemicals.

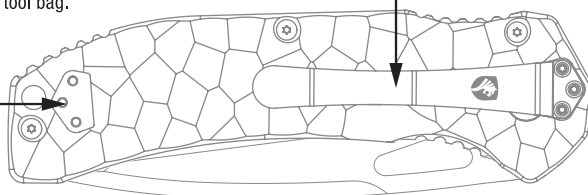

Liner Lock
Secure locking mechanism prevents accidents and provides simple folding.

Pocket Clip
Easy storage and access from your pocket or tool bag.

SPECIFICATIONS:

Handle: 4.8"	Steel: AUS-8
Blade: 3.6"	Weight: 169.8g / 6 oz
Overall: 8.4"	Blade Thickness: 4.0mm

Alternate Clip Attachment Location
Optional screw plate to reverse orientation of the clip.

WARRANTY

TYGER has a proud tradition of maintaining the highest of standards therefore we stand behind all of our products. To find out more about our no-hassle warranty policy, please visit www.tygerauto.com/contact

HOW TO CARE:

AUS-8 is known for its edge retention but if needed, re-sharpen edge with a sharpening stone.

⚠ WARNING:

- Keep knife out of reach from children.
- Follow your local authorities' restrictions on carrying knives in public
