Securely tie down the cargo .

WARNINGS/COMPATIBILITIES/RESTRICTIONS

EN

Please read the instructions carefully. The end user is fully responsible for assembly and installation of this product.

- Do not carry more than 68 kg (150lbs.) on this load carrier. Make sure the total load (cargo weight plus weight of the bars) does not exceed the car maximum load capacity (see the owner manual).
- Check the crossbar instructions or the car owner's manual for any restrictions about accessories used on the load bars.
- The height of your cargo will affect the possibility to access low entrance spaces.
- The cargo will affect your driving behavior.
- Front and rear of long loads must be tied down to the front and rear of vehicle using a solid part of the vehicle (tow hooks for example).
- Failure to properly install this product may cause damage to the car and in the worst case personal injury.
- Do not modify any components of the product.
- Do not use the product for other purposes than those for which they were designed.
- Please respect the speed limit and adapt your speed to the condition of the road.
- Before leaving and at every stop, please check that all the parts are firmly tightened.
- Check periodically your product for signs of wear, corrosion and fatigue.
- During your trip, periodically check that your load is firmly attached.
- Please consult your store if you have any questions regarding this product.
- Remove your cargo basket before entering automatic car washes.
- Use lubricant on the bolts to avoid corrosion.

ADVERTENCIAS / COMPATIBILIDADES / RESTRICCIONES

ES

Lea cuidadosamente las instrucciones. El usuario es responsable de ensamblaje e instalación de este producto.

- No cargar más de 68 kg (150 libras) en la portabicicleta. Asegúrese de que la carga total (Peso de la carga más el peso de las barras) no excede la capacidad de carga máxima del coche (Consulte el manual del propietario de su vehículo).
- Compruebe las instrucciones de la barra o el manual del propietario del vehículo sobre accesorios utilizados en las barras de carga.
- La altura de su carga afectará la posibilidad de pasar a entradas de bajo altura.
- La carga afectará su conducción.
- La parte delantera y trasera de las cargas largas deben atarse en la parte delantera y trasera de la parte sólida del vehículo (ganchos de remolque por ejemplo).
- Si no instala correctamente este producto puede dañar el coche y en el peor caso de lesiones personales.
- No modifique ningún componente del producto.
- No utilizar el producto para otros fines distintos de los para los que fueron diseñados.
- Por favor respete el límite de velocidad y adapte su velocidad a la condición de la carretera.
- Antes de salir y en cada parada, compruebe que todas las piezas estén firmemente apretadas.
- Revise periódicamente su producto para detectar signos de desgaste, corrosión y fatiga.
- Durante su viaje, verifique periódicamente que su carga está firmemente atada.
- Consulte al fabricante si usted tiene cualesquiera preguntas con respecto a este producto.
- Retire su cesta de carga antes de entrar a lavados automáticos.
- Utilice lubricante en los pernos para evitar la corrosión.
