

PARTS LIST:

Qty	Description
1	Cargo Cover
1	Instructions

PROCEDURE:

- 1. REMOVE CONTENTS FROM BOX. VERIFY ALL PARTS ARE PRESENT. READ INSTRUCTIONS CAREFULLY BEFORE STARTING INSTALLATION.**
- The Cargo Cover is designed to install in the factory locations, **(Figure 1)**. Start installation by opening the rear hatch on the vehicle.
- Locate the square pocket in the side of the passenger side of the cargo area behind the back seat, **(Figure 1)**. Carefully unwrap the Cargo Cover. Insert the Cargo Cover into the pocket in the passenger side of the vehicle, **(Figure 2)**. Repeat this Step to insert the driver side of the Cargo Cover into the pocket in the driver side.
- Slowly pull the rear cover straight out of the assembly. Locate the U-shaped pockets in each side of the vehicle next to the rear door, **(Figures 3 & 4)**. Slide the tabs on the end of the cover into the slots in the pockets next to the door. Hook the tabs on the U-shaped pockets to hold cover in place when extended.
- Cargo Cover installation is complete.
- Note the gap between the rear seat and the Cover assembly. Lift the headrests up slightly to access the headrest posts. Pull the passenger side front cover toward the back of the back seat. Snap the (2) retaining clips on the ends of the front cover onto the headrest posts, **(Figures 4 & 5)**. Repeat for the driver side front cover. The front covers can be released to provide easy access to the cargo area from the back seat. **IMPORTANT:** Release the front cover clips before folding down the back seat.
- Do periodic inspections to the installation to make sure that all hardware is secure and tight.

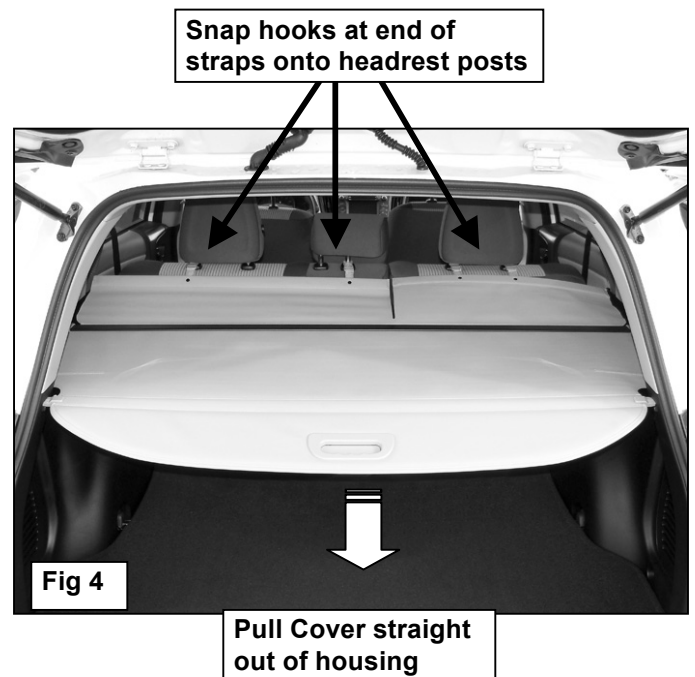

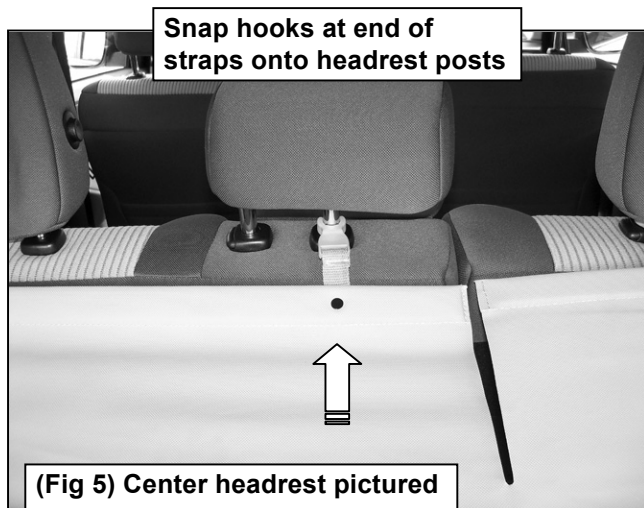

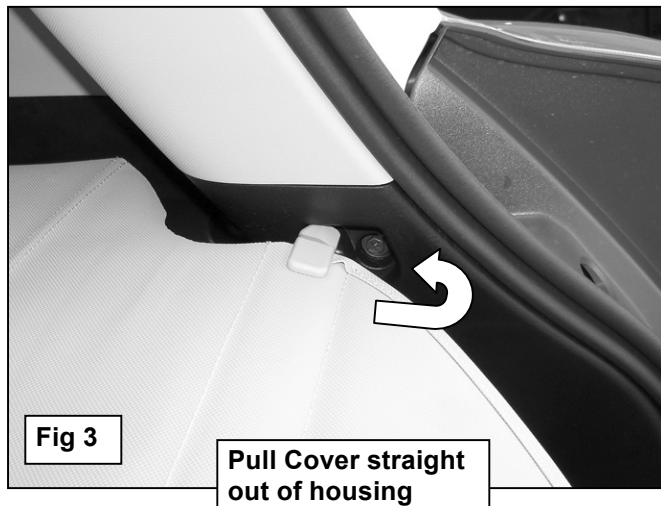

To protect your investment, only use mild soap and water to clean the cover. Allow cover to completely dry before retracting into the housing.
