- 1** Hang pad over the tailgate with cradles positioned on the lip.

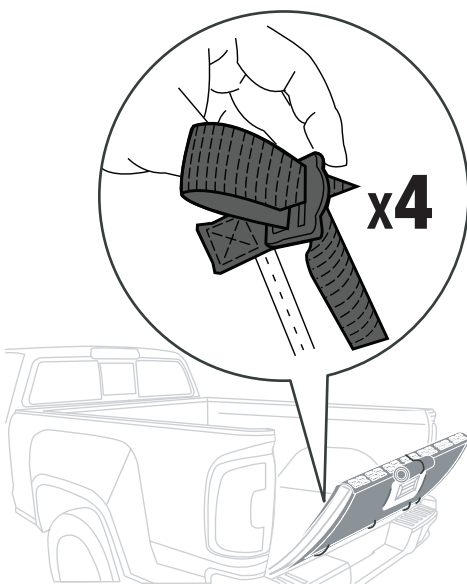

- 2** Lift up center flap to gain access to tailgate handle.

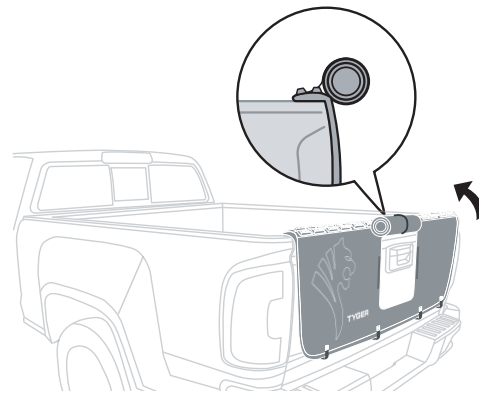

- 3** With secure strap facing outward, roll up and tie down center flap with velcro strap

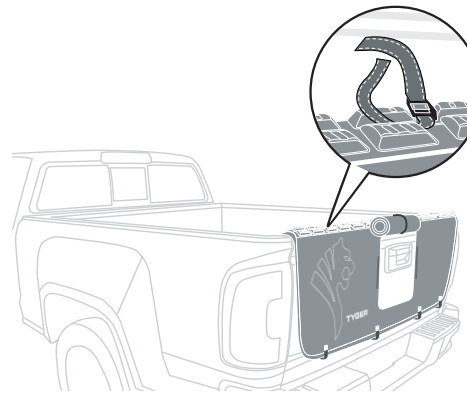

- 4** Partially open and hold tailgate in place. Thread the 4 secure straps through the bottom.
CAUTION: Beware not to have fingers caught in the gap.

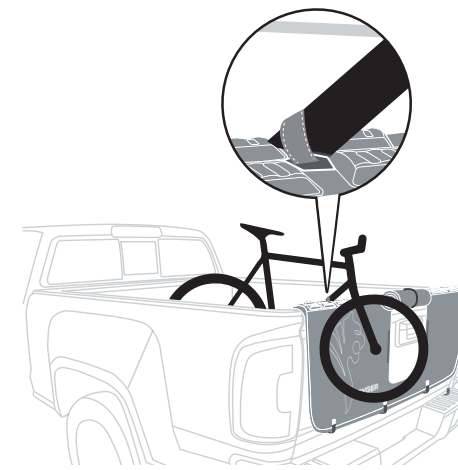

- 5** Thread straps through buckle and tighten.

- 6** For models with rear camera, roll up flap to clear line of sight.

- 7** Cradle straps available to secure bicycles.

- 8** Straps are designed to tie the downtubes of your bicycles.
